PROFESSIONAL SUMMARY

Geospatial Specialist with over 5 years of experience applying GIS, remote sensing, and spatial analysis to environmental conservation, infrastructure planning, and archaeological research in Bangladesh. Skilled in managing field-to-analysis geospatial workflows including GPS data collection, spatial database management, satellite image analysis, and thematic mapping. Experienced in supporting government and international research projects and translating complex spatial data into actionable insights for environmental management, heritage preservation, and development planning.

WORK EXPERIENCE

GIS Analyst

GeoSense Solutions Ltd. | Dhaka, Bangladesh | July 2024 – Present |

- Conduct spatial data analysis and geospatial modeling using ArcGIS Pro and QGIS to support environmental and development projects.
- Prepare thematic maps, spatial datasets, and analytical reports for project planning and decision-making.
- Manage geospatial databases and ensure spatial data quality and standardization.
- Support project teams with GIS-based visualization, spatial interpretation, and map production.

Junior Consultant (GIS & Spatial Monitoring)

Sustainable Forest & Livelihood (SUFAL) Project |
Bangladesh Forest Department (World Bank) | Dhaka, Patuakhali, Borguna, Bangladesh |
Sep 2023 – June 2024 | (10 months)

- Led GIS implementation for SMART patrolling systems to monitor forest resources and detect environmental threats.
- Designed spatial data models and managed patrol datasets for monitoring deforestation and wildlife risks.
- Conducted spatial and statistical analysis to identify environmental degradation patterns and support Site-Specific Planning (SSP).
- Trained forest department staff and local teams in GPS data collection, SMART monitoring tools, and GIS data management.
- Managed spatial databases and reporting systems integrated with national monitoring platforms.

Research Assistant & GIS Operator

Archaeological Survey of Dhaka Mass Rapid Transit (MRT Line-1 & 6)
Oitihya Onneswan - Archaeological Research Centre | Dhaka, Bangladesh |
Jan 2020 – Aug 2023 | (3.8 Years)

- Led GIS and field-based spatial analysis components of large-scale cultural and environmental surveys supporting national infrastructure development projects (Dhaka Mass Rapid Transit).
- Conducted raster and vector-based spatial analysis, land-use interpretation, and overlay mapping using ArcGIS and QGIS.

- Digitized and analyzed satellite imagery, historical maps, and cartographic records to support **heritage** site identification and planning decisions.
- Produced high-quality cartographic outputs and technical reports for government agencies, planners, and research stakeholders.

Research Assistant (GIS Mapping), Part-Time

Archaeobotanical Perspectives on Bangladesh (c. 500 BC – AD 1200) | **Archaeobotanical Project** |
University of Oxford | via Dr. Md. Mizanur Rahman | md.rahman@hertford.ox.ac.uk | Aug 2018 – Dec 2019

- Organized secondary spatial datasets, performed geo-referencing, related to archaeology, land use, and environmental history.
- Conducted GIS-based spatial analysis to identify land-use change patterns and site distributions over time.
- Integrated multi-source spatial data and produced interpretive thematic maps for publications and international presentations in collaboration with multidisciplinary research teams.

EDUCATION

Master of Science (M.Sc.) | 2019 | CGPA: 3.60/4.00
Bachelor of Science (B.Sc. Hons.) | 2018 | CGPA: 3.66/4.00
Geography & Environment
Jahangirnagar University, Dhaka, Bangladesh

RESEARCH & PUBLICATION

Islam, M. Z., Alim, A., & Moniruzzaman, S. (2024). Identifying Optimal Locations for Cyclone Shelters in underserved area in Kutubdia, Bangladesh : A GIS-Based Multi-Criteria Analysis. University of South Asia Journal (USAJ), 10(1), 1–12. ISSN: 2411-3077.
M.Sc. Thesis: Assessment of Landcover Changes in the Sundarban Mangrove Forest, Bangladesh (1990–2020) using RS and GIS *(April 2022).*

Technical SKILLS

- **Geospatial and Remote Sensing Tools:** Arc Map | ArcGIS Pro | ArcGIS Online | QGIS | Google Earth Engine (GEE) | GPS | Kobo Toolbox | ERDAS Imagine | Total Station
- **Data Analysis & Visualization:** Power BI, SPSS
- **Programming (Basic):** Python
- **Office Application:** MS - Word, Excel, PowerPoint
- **Design & Storytelling:** Canva, VSDC Video Editor, ArcGIS StoryMaps
- **Research:** Systematic Literature Review, Qualitative & Quantitative Analysis

TRAININGS & COURSES

Programming Language: Python Workshop for beginners (Ostad learning) | Python for Everyone (Esri).
GIS & Spatial Analysis: Esri Academy: 12 courses | Esri | 2023–2025

GIS for Climate Action | Using GIS to Solve Problems | Going Places with Spatial Analysis | Measuring Land-Cover Change Using ArcGIS Pro | The Systems Approach to ArcGIS: An Introduction | Creating a Knowledge Graph from Structured Data Using ArcGIS Knowledge | Performing Change Detection Using Raster Functions in ArcGIS Pro | Shade Equity: Determine Tree Planting Locations with Suitability Analysis | Creating an ArcGIS StoryMaps Briefing

Remote Sensing & Survey: Humanitarian Needs Assessment E-Learning Program, Kobo Toolbox (2025) | Overview of GIS -Indian Space Research Organization (ISRO) (2024) | Modelling through SuperMap GIS Technologies, SuperMap (2021) | Foundation Course in GIS, RS, and Drone Studies, Jahangirnagar University (2019)

Computer: Training on (MS Office, SPSS, Photoshop) | Department of Geography & Environment, Jahangirnagar University | 2019

Career: Study Abroad Workshop (Rotaract JU, 2022) | Beihang University Ambassador Training (2022)

LEADERSHIP & VOLUNTEER ACTIVITIES

Founder, Punduria Organization of Peace (POP) | Since 2015

A grassroots social organization focused on community development in rural Bangladesh.

Sports Leadership | 2015–2019

I Served as a Sports Secretary in the student council, captained department team and honored as a champion

Treasurer, Swadeshi Sangha | 2019–2021

Managed finances for Swadeshi Sangha, promoting local products and self-reliance through awareness campaigns and cultural events.

Vice President, Badhon (Blood Donation Organization) | 2016–2019

International Student Ambassador, Beihang University | 2022.
